FOR IMMEDIATE RELEASE

Relegen accredited as a Major Service Provider on DMOSS Panel

SYDNEY, AUSTRALIA – 16 FEBRUARY, 2012 – [Relegen](#) today announced that it has received official accreditation as a Major Service Provider on the Defence Materiel Organisation Support Services [DMOSS] Panel.

Relegen has been working with the Australian Defence Force for more than a decade and now becomes one of only 10 accredited Major Service Providers on the DMOSS panel. Relegen is in the unique position of bringing to the table high-quality engineering services as well as its proprietary asset intelligence technology, assetDNA.

“We are pleased to be officially recognised by the Defence Materiel Organisation as a Major Service Provider on the DMOSS Panel. Our new status demonstrates once again the impressive work of our engineering team and our commitment to high-quality service delivery,” said Paul Bennett, Managing Director, Relegen. “We place great importance on our relationship with the Australian Defence Force so this accreditation is very significant for Relegen.”

As a Major Service Provider to the Australian Defence Force, Relegen has a keen understanding of defence project requirements. Relegen’s senior management have defence force backgrounds, and together with its extensive engineering network, the company has a proven ability to respond quickly to the needs of defence. Relegen also maintains strong business-to-business relationships with major defence contractors – ensuring its clients have access to the right expertise, when they require it.
